Why BAND-FAST™?

BAND-FAST™ Provides significant benefits versus the Industry Accepted Band & Seal fastening system.

- Lower Installed Cost: No clamp assembly required!
- Manufactured from Certified Material.
- Superior Performance – Test Data Available.

BAND-FAST™

Why Ultra-Lok[®]?

Significant Cost Reduction and Better Performance!

- 40% less material and greater clamping force!
- Twice the clamping force versus band & seal systems.
- Ergonomically designed Ultra-Lok[®] tools are 40% lighter than side crimp banders to reduce labor, fatigue, and installation time.
- Ultra-Lok[®] bands may be applied with pneumatic, corded electric, rechargeable electric, or manual tools.

Stainless Steel Cable Ties

- *Wide variety of lengths*
- *All coatings are halogen free!*

*Multi-Lok Ties**

- Unique Multiple tooth locking system
- Apply by hand or with a variety of tools
- Coated or uncoated 316 stainless steel
- 1/4" and 3/8" widths

BAND-IT® Ties

- Apply by hand
- Can be unfastened for reuse
- Coated or uncoated stainless steel
- 1/4", 3/8", and 5/8" widths

*Self-Lok® Ties**

- Extremely strong 316 stainless steel
- Low profile self-locking tie
- Uncoated only in 3/16" wide

*Ball-Lok Ties**

- Self-locking operations for speedy application
- Uncoated or selectively coated 316 stainless steel
- 3/16" and 5/16" widths

***Ties meet specifications required for many applications. Consult a BAND-IT® Marine & Subsea Specialist for more information.**
