110-4NYC	150	13	25	C	10	32

Cable Core Guard

Used to provide separation between a cable core which is being cut and neighbouring cores. Produced in Nylon (International Orange).

Part No	Nominal Lift	Pack	Weight g
120-CG1C	23mm	10	57

Cable Core Stripper

Used to remove insulation and sheathing from live armoured power cables. The tool has an exceptionally strong tough polymeric blade and a unique handle moulded in a softer plastic material to provide a cushion when a hammer is used to initiate a cut in the cable sheath.

Part No	Nominal Lift	Pack	Weight g
120-CS	90mm	10	183

Cable Core Spreader

Used to hold apart the cores of cable when jointing cables. Produced in Natural Nylon.
