

TK Series IP66 Empty Enclosures

More than 400 standard enclosures
are available

TK Series IP66 Empty enclosures

For protected and unprotected installations

Product Designation System

Material
 PS = polystyrene
 PC = polycarbonate

Lid material
 T = transparent
 n/a = grey

Height in cm

PS 1309 - 8 -tm

Length x width in cm m = metric
 o = smooth walls
 tv = with moulded cable gland

TK empty enclosures

- IP 66 polystyrene or glass-fibre-reinforced polycarbonate shockproof
- temperature-resistant
- Individual choice of fixing
- 14 basic enclosures with 2 base depths and up to 3

- different cover heights
- extensive accessories
- Quality documented by quality marks and approvals

Special solutions

- with UL approval
- with ATEX approval
- HF for EMC applications

From development to

manufacture from one source

Customers' individual enclosures are drawn in 2D or 3D and the first prototypes are manufactured in our own tool room. If required, these will also be assembled.

Modular design allows assembly next to each other and above or below.

TK Series - IP66 in Polystyrene

- flame resistant
- impact resistant
- withstands temperatures up to 70°C
