

Introducing the

EASY READ

I.D. TAGGING SYSTEM

Finally, an I.D. tag that's easy to read...in dim light...in inaccessible places...wherever visibility is a problem.

The BAND-IT EASY READ I.D. Tagging System includes a complete range of individual letters, numbers and symbols made from Type 316 stainless steel. Slip them over Easy Strips or Easy Carriers and attach to your cable or hose with a variety of BAND-IT Cable Ties.

Or slide them on a BAND-IT Tie or 7 mm Multi-Lok Tie to create a self-contained wrap tag.

However you make them, the contrast between the stainless steel and the backing color make it strikingly clear why we call this system EASY READ!

Attach Easy Carrier with Tie-Lok Ties. Black background color shows through cut-outs in EASY READ characters for high visibility.

EASY READ characters can be easily slipped over BAND-IT Ties or 7 mm Multi-Lok Ties and fastened around pipe, cable or hose.

Easy Strips, pre-cut lengths of BAND-IT E.V.A. Coated Band, are available in a range of colors. Simply fold under one end, slip on the EASY READ characters, then fold under the other end. Attach with any BAND-IT Cable Tie. Standard colors: black, orange, red, blue, white, gray. Other colors on request.

Pre-punched hole in Easy Carrier allows insertion of Mini Tie-Lok Tie for flag tag.
