# Why BAND-FAST™?

**BAND-FAST™** provides significant benefits versus the Industry Accepted Band & Seal fastening system.

- > Safer and faster installation
- > Lower Installed Cost: No clamp assembly required!
- > Fully Encapsulated Sealing Clip
- > Manufactured from Certified Material
- > Pneumatic and Manual Application Tools available
- > Superior Performance - Test Data Available

# Why ULTRA-LOK®?

## > Significant Cost Reduction and Better Performance!

- > 40% less material and greater clamping force!
- > High clamping force.
- > Ergonomically designed Ultra-Lok® tools are 40% lighter than side crimp banders to reduce labour, fatigue, and installation time.
- > Ultra-Lok® bands may be applied with pneumatic, corded electric, rechargeable electric, or manual tools.

> UL-X69001  
Ultra-Lok®

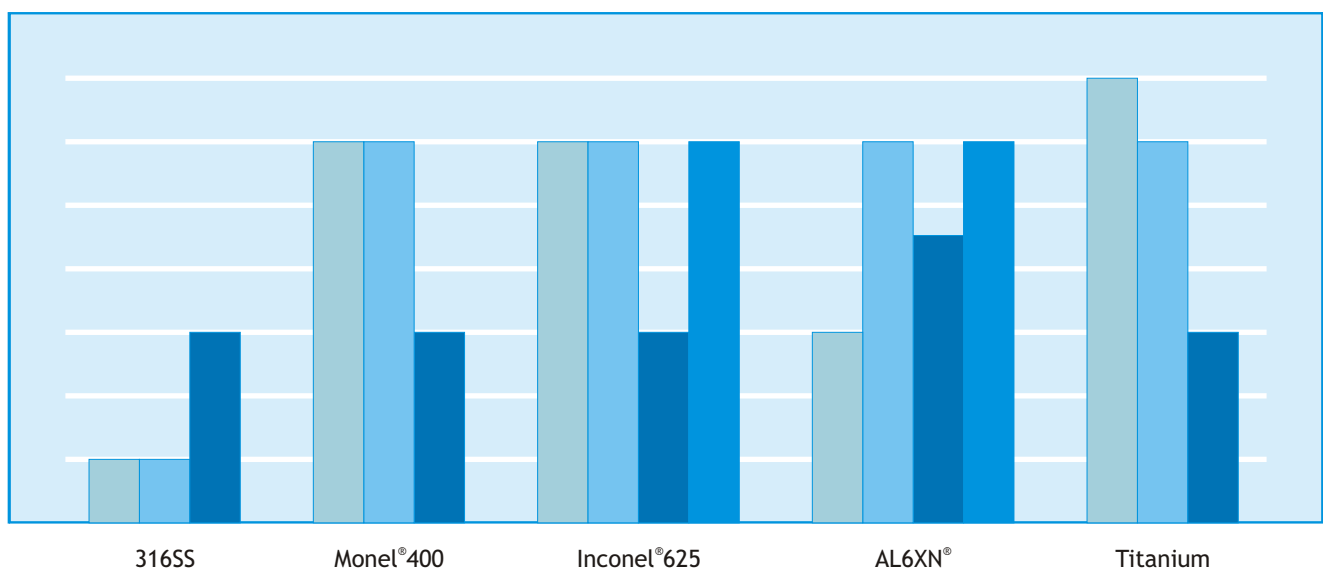

> UL9010 Ultra-Lok®

> UL4000 Ultra-Lok®

## Compare System Performance and Cost

Relative Cost    Corrosion Resistance    Band & Buckle Strength    Ultra-Lok® Strength

# Stainless Steel Cable Ties

Wide variety of lengths and all coatings are halogen free!

## > Multi-Lok Ties\*

- > Unique Multiple tooth locking system
- > Apply by hand or with a variety of tools
- > Coated or uncoated 316 stainless steel
- > 1/4" and 3/8" widths

## > BAND-IT® Ties

- > Apply by hand or with a variety of tools
- > Can be unfastened for reuse
- > Coated or uncoated stainless steel
- > 1/4", 3/8", and 5/8" widths

## > Band-Fast™ Cable Clamps

- > Pre-cut and assembled with buckle
- > Lightweight low cost alternative to cleats
- > Fast, safe and easy to apply
- > PPA coated or uncoated stainless steel
- > Various sizes and colours available

## > Ball-Lok Ties\*

- > Apply by hand or with a variety of tools
- > Self-locking operations for speedy application
- > Uncoated or coated 316 stainless steel
- > 4.6mm and 7.9mm widths

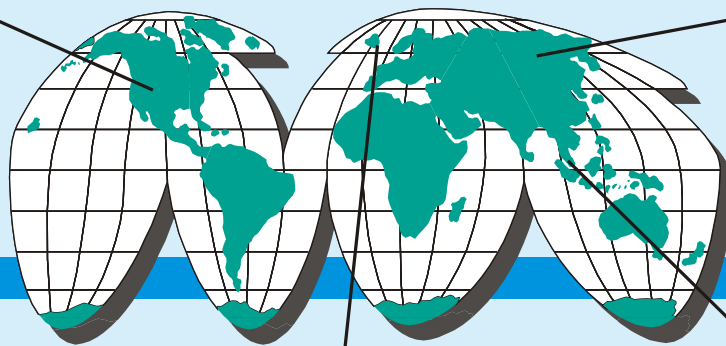

\* Ties meet specifications required for many applications. Consult a BAND-IT® Marine & Subsea Specialist for more information.
