Type	Dimensions mm	Weight kg	Supplied with the tool	Available upon request
VAL P9	543x412x130	2.2	*	—

The tool is supplied with:

- Basic tool with battery, wrist strap and shoulder strap
- Spare battery
- Battery charger
- Plastic carrying case suitable for storing the tool and accessories

14.4 V cordless hydraulic cutting tool, lightweight and balanced for single hand operation.

Specifically designed to cut copper, aluminum, aluminum-steel cables (ACSR) with a max overall diameter of 50 mm.

The tool features a double speed action: a fast advancing speed for rapid approach of the blades to the cable and a slower more powerful speed for cutting.

The blades are manufactured from high strength special steel, heat treated to ensure a long service life. The head can be easily opened to allow the cutting of running cables.

The head can rotate through 90 degrees, to enable the operator to work in the most comfortable position. Fitted with a maximum hydraulic pressure valve. Complete with a battery condition display, which after every operation indicates the residual battery power. Extremely quiet in operation, with very little vibration. Ergonomically designed with a sculptured body for operator comfort.

New

Does not cut stay wire, steel wire or earthing rod.
