

G14H Compression Head

G14H COMPRESSION HEAD (RANGE 10 - 630mm²)

- For use with FP10 hydraulic footpump
- 'G' shaped compression head delivers a compressive force of 14 tonnes.
- Can crimp copper connectors up to 630mm²
- Can crimp aluminium connectors up to 400mm²
- Full range of U type dies can be employed when used with a PUADP adaptor

G14H HYDRAULIC TOOL DIES

- Indent and circumferential dies to fit the G14H head
- The PUADP adaptor enables the U type dies to be used in the G14H tool

Description	Ref. No.
Nest die (Copper)	PN-C
Indenter die (Copper)	PP-C
Adaptor die (Copper / Aluminium)	PUADP
Circumferential die set (Copper)	P-H
Circumferential die set (Copper / Aluminium)	P-ART
