

Mini-Duo No. 150

Introduction

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multi-function tools for professional users.

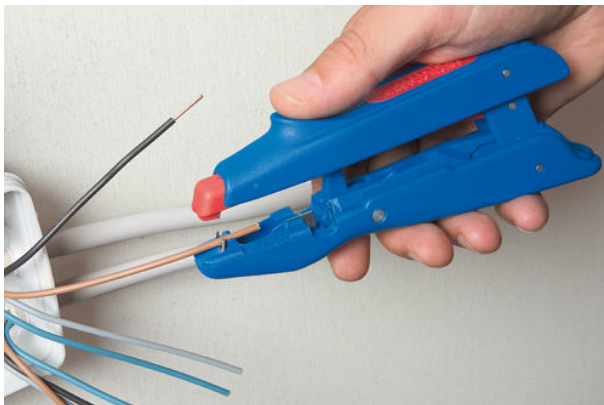

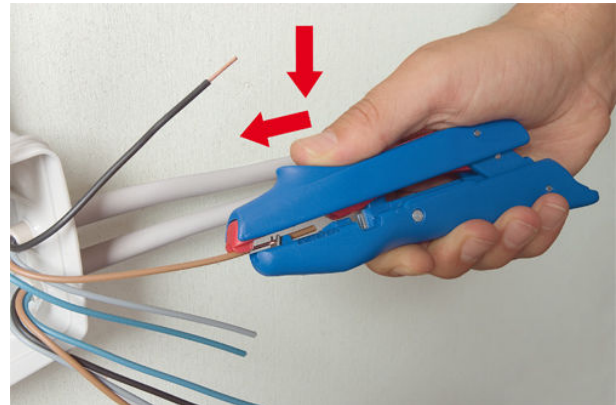

Description

The WEICON multi-functional tools offer a large number of options for stripping a wide range of cable types. The product family of the tools includes various types, which have different additional functions and thus meet the individual needs of the users.

The WEICON Mini-Duo No. 150 is a fully-insulated automatic wire stripper for all common flexible and solid conductors. The Mini-Duo No. 150 has an optical length scale from 8 – 20 mm. The automatic scanning system means that there is no need to adjust to the cable cross-section. The tool is suitable for all flexible and solid conductors of 0.5 – 6.0 mm² (20 – 10

AWG). An easy-to-reach side cutter is integrated into the Mini-Duo No. 150 and can be used up to a cable diameter of 6 mm (solid conductors up to 4 mm²).

Technical data

Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	0.5mm ² to 6.0mm ² , length scale 8 - 20 mm
Inner blade	Replaceable
Additional benefits	Side cutter, solid up to 4.0mm ² , flexible up to 6.0mm ²
Approval/certificates	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	160 mm
Weight	111 gr
Accessories	Replacement blade set, item no. 51953020

Note

Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
