

# Stripper No. 100

## Introduction

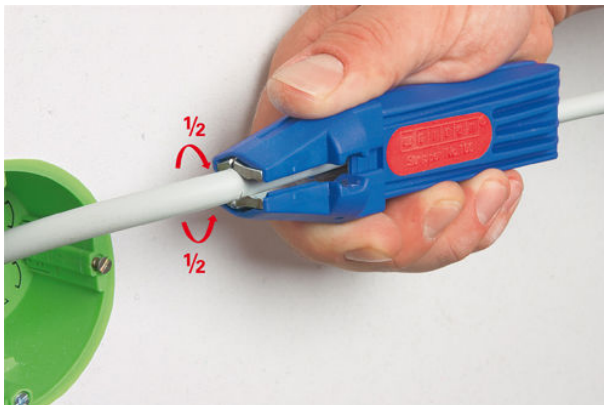

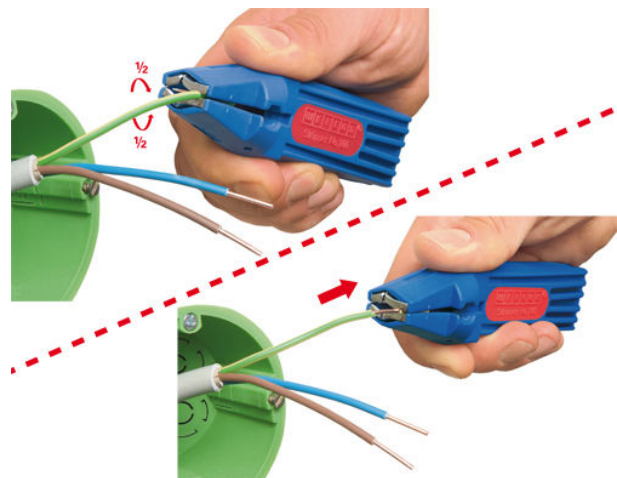

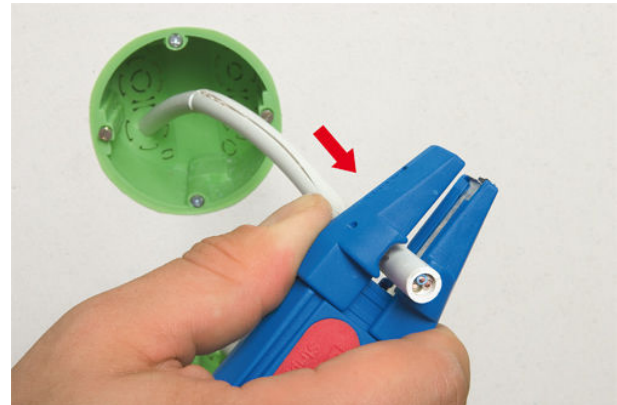

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multi-function tools for professional users.

## Description

The WEICON multi-functional tools offer a large number of options for stripping a wide range of cable types. The product family of the tools includes various types, which have different additional functions and thus meet the individual needs of the users.

The WEICON Strripper No. 100 is a universal tool for cable and wire stripping for a wide range of cable types. The Strripper allows circular and longitudinal stripping without adjusting the cutting depth. The tool is particularly well-suited to flush stripping in ceiling and wall areas, such as in junction and distribution boxes. The Strripper No. 100 is also well-suited to multi-level stripping of coaxial cables in a range of 4 – 8 mm<sup>2</sup>. For example, the WEICON Strripper No. 100 strips NYM cables and flexible cables of 4 – 13 mm<sup>2</sup>; on inner insulation of stranded and solid conductors of 0.5 mm<sup>2</sup> - 16.0 mm<sup>2</sup>.

## Technical data

Cable type	Fine-wired and solid conductors with PVC insulation, coaxial cables
Field of use	0.5mm <sup>2</sup> to 16mm <sup>2</sup> , coaxial cables 4 - 8mm Ø, NYM Ø 4 - 13 mm
Inner blade	Not replaceable
Additional benefits	Multi-level stripping possible
Approval/certificates	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	135 mm
Weight	74 gr

## Note

Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
