

Wire Stripper No. 7-R for round cables

Technical Datasheet

Create Date: 25.06.2013 - Page 1/1

Introduction

WEICON has been developing and producing various types of cable stripper since 1967. These premium quality tools are TÜV-tested, carry the GS seal for verified safety, and were developed taking occupational safety and user-friendliness aspects into account. The WEICON range includes cable strippers, cable dismantling tools, wire strippers and various multi-function tools for professional users.

Description

The WEICON wire strippers allow flexible and solid conductors to be stripped easily, quickly and evenly. The wire strippers are ergonomically shaped and have an automatic scanner system to determine the cable diameter. This prevents damage to the inner conductor. The product family of wire strippers includes various types which are used in different fields and are tailored to the individual needs of the users. The pincers are used both in trades and in industry and are also suitable for private use.

The WEICON Wire Stripper No. 7-R has a precise adjustment (5-fold) and an optical length scale of 8 – 24mm (5/16 - 1 inch). This allows flexible round cables of 0.5 – 16.0 mm² (24 – 10 AWG) and solid round cables of 0.5 to 10 mm² (18 – 15 AWG) to be stripped. The Wire Stripper No. 7-R is also suitable for two-core, PVC-insulated flat cables of 0.75 – 1.5 mm². An easy-to-access side cutter is integrated into the tool and can be used up to a cable diameter of 3 mm. It also has exchangeable blades.

Technical data

Wire Stripper No. 7-R for round cables

Technical Datasheet

Create Date: 25.06.2013 - Page 2/1

Cable type	Fine-wired and solid conductors with PVC insulation
Field of use	Flexible cables 0.5mm ² - 16mm ² , Solid cables 0.5mm ² - 10 mm ²
Inner blade	Replaceable
Additional benefits	Side cutter up to max. 3mm Ø
Approval/certificates	Safety tested by TÜV NORD
Material	Glass fibre reinforced polyamide
Length	175 mm
Weight	216 gr
Accessories	Replacement blade set, item no. 51100006

Note

Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
