

i-switch ATEX Certified Zone 1 Switch Disconnectors

A range of Switch Disconnectors housed in heavy duty cast enclosures - ATEX certified for use in Cat II, Zones 1&2 environments.

Certifications and Approvals

- Certification Code **Ex d II 2 GD IIB T4, T5 or T6** (Contents dependent)
- Certification No. **ITS 09 ATEX 16433X, ITS 09 ATEX 16436U**
- Certification standard **EN 60079-0, EN 60079-1, EN 61241-0 & EN 61241-1**
- Operating temperature **-20°C to +40°C**
- Ingress Protection **IP65**

Construction

High quality heavy duty cast enclosures are used throughout the range. (Cast Iron 16A - 80A, Cast Aluminium 63A - 250A) The enclosures are supplied with large cable entries which can be fitted with approved reducers to suit individual cable requirements. (See page 2) Specific entry requirements can be accommodated - please specify when ordering.

All load switching interiors are supplied as either TP&N (switched neutral) or 6P and have AC23A ratings to BS EN 60947-3.

Auxiliary contacts are available for applications such as SCADA packages.

Operating handles are capable of accepting up to three padlocks in the 'Off' position.

Example of a 100A assembly

Finish - RAL 7035 Two pack grey epoxy coating over etching primer.

Electrical Ratings
